

## **'International Early Year Teachers' Training Programme**

The field of early childhood education and the role of early childhood professionals are being transformed. These transformations bring with them both, possibilities and challenges. The possibilities are endless, for you as an early childhood professional and the challenges involve understanding the unique period of early childhood, collaborative learning, effective pedagogy and commitment to the bright promise of promoting global thoughts and high quality education for all children.

- RBKEI after its years of success in offering CBSE, ICSE, IGCSE and IB boards of curriculum now embarks in launching the International Early Year Teachers' Training Programme.
- IEYTTP includes various educational approaches and themes which are brought together, to create a unique elementary teachers' training course.
- RBKEI is committed to provide professional development and training for teachers, believe shape the future of a nation.
- RBKEI- IEYTTP is an effect to give teachers an ultimate training programme for teaching children between the age group of two to six and even to orient the trainees with innovative pedagogies, regulations and developments in the international teachers' training arena. By obtaining the diploma in early year's teacher training from RBKEI, aspiring teachers can learn innovative pedagogies to teach young and growing minds in an international set up.
