OUR SCHOOL

With the legacy of thirteen years, RBKIS has been rechristened in 2016 as a complete Cambridge international school offering Cambridge Primary program to Grade 1 to IGCSE and A level in the new campus. With collective experience of RBKIS teachers of more than 400 years of experience, At RBKIS we provide a broad holistic and international educational framework for scaffolding young minds with knowledge, skills, humanistic values and learning experience befitting the 21st century learners. By individualizing learning in a state of art infrastructure, students are enabled to be lifelong learners, critical thinkers and innovators, creative and ethical students with a global outlook who are capable of serving both national and international interest.

Mission

To be a leading and dynamic international institution of holistic learning with global and humanistic minded students.

Vision

RBKIS provides a broad holistic and international educational framework for scaffolding young minds with knowledge, skills, humanistic values and learning experiences befitting the 21st century learners. By individualizing learning in a state of art infrastructure, students are enabled to be lifelong learners, critical thinkers and innovators, creative and ethical students with global outlook who are capable of serving both national and international interests.

OUR CURRICULUM

RBK International school is affiliated to Cambridge Assessment International examination (CAIE). It offers programs at all levels from post kindergarten to higher secondary. Our international curriculum offers IGCSE programmes at class IX and X. Program is structured as Cambridge Primary, Cambridge Lower Secondary, Cambridge Upper Secondary and Cambridge advanced.

CO CURRICULAR PROGRAM

The school provides a plethora of co-curricular activities to complement its academic program. The program is designed to allow the students to pursue their individual interests, It also encourages the entire student body to participate in sports and other activities which are focused on effective teamwork and collaboration. The program is structured to build in leadership opportunities for students.
